ELEVEN KILLED IN CLASH AT MANILLA

Four Americans Among Victims of Constabulary.

TROUBLE OF LONG AGO

Governor General Harrison Helps Quell the Rioting—Trouble Follows Shooting.

Manila, Dec. 17.—Eleven men, four Americans and seven Filipinos, were killed here last night during a riot within the walled city between enlisted men of the Filipino Constabulary and the Manila police.

The Americans killed were Captain of Police W. E. Wichmann, Patrolmen Albert H. Troge and John W. Driscoll, and Augustus Jacuman, field clerk of the United States Army. Fifty shots were fired when 40 constabularymen sought to avenge the shooting of a constabularyman by the Filipino police.

Governor General Francis Burton Harrison and Brig.-Gen. Rafael Crame, Filipino chief of the constabulary, took active steps to quell the rioting.

The Governor found the armed constabulary congregated at the walled city and advised them to return to their barracks and instructed General Crame to hold all the constabulary in the barracks. Disorders ceased upon the arrival of General Crame, who placed members of the constabulary involved in the shooting under arrest and announced they would be tried before civil courts.

Mayor Roman Fernandez declared the presence of the constabulary barracks in Manila was dangerous to the peace of the community and announced he would ask the Governor to have the barracks removed outside the city limits.

The official police version of the shooting was that Policeman Mojica shot Constabulary Private Macasinag following trouble provoked by the constabularymen. The constabulary private was reported to have attacked the policeman with a knife.

Col. Lucien R. Sweet, inspector general of the constabulary, said trouble had been brewing for a long time and frequently reached acute stages.

Regular army troops were ordered into their barracks when the rioting broke out and the provost guard doubled and sent to the scene, but took no part in quelling the riot.

The riot started at the Luneta police station just outside the walled city and then proceeded within the walled city, where promiscuous firing between the police and constabularymen took place and hundreds of shots were exchanged. The Filipinos killed a patrol wagon driver and six bystanders. Four Filipinos were wounded. There were no casualties among the constabulary forces.

The enlisted personnel of the constabulary forces is composed entirely of Filipinos, officered by Americans and Filipinos. The organization numbers 6,000 and is stationed in various provinces of the Philippine Islands for police purposes.

Rioting ceased when Brigadier-General Crame appeared on the scene with Chief of Police Bopp.

"Every precaution has been taken to prevent a repetition of the affair," said General Crame. "The constabularymen surrendered without a murmur when I appeared with Chief Bopp."

Col. Lucien R. Sweet, inspector-general of the constabulary, declared that this latest trouble between the constabulary and the police resulted from the arrest Sunday of the wife of a constabulary private by the police.

RAT-BAT STRIKES WATCHMAN

New York, Dec. 17.—A rat bat, said to be one of the rarest and most poisonous of animals which have ever put in an appearance in this country, flew from a pile of hides in a warehouse at William and Pearl streets striking a watchman in the face.

The watchman, who declined to give his name, was taken to Volunteer Hospital for observation. Doctors had examined the bat and pronounced the poison with which its veins are filled to be of a deadly nature.

SAVED AFTER NIGHT OF TERROR NEAR ROCKS

New Bedford, Mass., Dec. 16.—Deliverance came yesterday to the Portuguese packet Serina, which had tugged at her anchors through the night, almost on the Dumpling Rocks off the Darmouth shore, while her crew pumped for their lives to keep out a rush of water, and 64 passengers huddled in the hold on their knees in prayer. Her bowsprit was broken, the foremast split and her sails were torn to shreds by the gale ebfore a tugboat poked past the rocks yesterday morning and towed her here.

Captain Joaquim Duarte, the youthful skipper of the little craft, when he reached the dock offered up thanks for the delivery of his passengers and crew, saying it was a miracle that they were saved after a night in which the roar of the gale and the boom of the surf on the Serina's sides and on the nearby rocks carried a constant threat.

The Serina, which was formerly the whaler Bertha D. Nickerson, was bound from the Cape Verde Islands for New Bedford. Captain Duarte stood his little 90-ton ship, with 99 men aboard, in for this port yesterday, but was blown off his course by the storm, and was forced to anchor almost on the verge of Dumpling Rocks.

It was a perilous place and coast guards sought to save those aboard, but it was late at night before they could reach the schooner's side. Then they stood by while tugs that tried to tow the Serina clear was unable until today to get alongside.

IN MEMORIAM

CARROLL—Sacred to the memory of my dear husband, GEORGE W. CARROLL, who entered into rest 3 years ago today, December 17, 1917.

A happy home we once enjoyed,
How sweet the memory still,
But death has left a vacancy
This world can never fill.
But at last some gladsome morning,
Free from sorrow, free from pain,
In that land of light eternal,
God will give you back again.

His devoted wife,

DAVIS LEADS FIGHT TO RETAIN CAMP LEE

Chief Executive Acts to Prevent Closing of Post

PETERSBURG OPPOSES

Plan to Hold Hearing In Washington—Site and Equipment Cost Government Over $18,000,000.

Richmond, Va., Dec. 17.—Unofficial information was received last night by Governor Westmoreland Davis to the effect that the War Department contemplates closing Camp Lee within the next week or ten days. This move on the part of the government will be vigorously opposed by the State's executive, as by well as by the citizens of Petersburg.

That the city still has a chance of retaining the camp was made in an announcement yesterday by W. M. Martin, secretary of the Petersburg Chamber of Commerce, and City Manager Brownlow, following their return from Washington, where they enlisted the aid of Senator Swanson and Congresman Drewry. When Secretary Baker was called upon he said that the matter would be kept open until December 22 in order to give the people of Petersburg an opportunity for a hearing if they desired it.

In using his influence to prevent the abandonment of the camp, Governor Davis is prompted by his own belief in the advantages of the site as a military post, and supported by the opinion of many military experts who are equally in favor of the post being retained as a permanent institution. Its close proximity to Hampton Roads makes it especially desirable both for army training and defensive purposes.

A delegation of Petersburg men will go to Washington before December 23 with the intention of putting up a strong fight for the retention of the camp. The Governor will aid in this movement to the extent of his powers and influence.

The present garrison of the camp consists of parts of two regiments, or about 1,500 men.

The land on which Camp Lee stands cost the United States Government about $1,200,000, and the camp, including the buildings, warehouses, barracks, water and sewerage systems, lights, railroad tracks, concrete roads, street car facilities and other arrangements cost the government between $16,500,000 and $18,000,000, of which amount $1,500,000 has been expended since the armistice was signed, according to estimates made by the Petersburg Chamber of Commerce.

Before the camp was located, a syndicate of Petersburg business men acquired a large tract of land which they first sold for $400,000 and additional tracts were bought, making the land cost $1,200,000.

The main section of Camp Lee was erected in the summer of 1917 by the contracting firm of Rinehart & Dennis, of Charlottesville, being one of the first of the government contracts to be awarded on the cost-plus basis. Large numbers of men and boys from Richmond worked as carpenters on the construction.

The camp covers an immense acreage about four miles from Petersburg, and is situated between that city and Hopewell. During the war large numbers of troops were marched from Camp Lee to City Point, where they embarked on vessels for Newport News and other ports of embarkation for overseas.

Flood Definitely Declines to Enter Race For Governor

Representative H. D. Flood will not enter the race for the Democratic nomination for Governor next year. This question, which has been uppermost in the minds of public men throughout the State for many months is definitely answered by Representative Flood himself.

In an open letter to T. Freeman Enes, of Blackstone, Mr. Flood makes clear his position. He relinquishes all personal desires for other honors and, mainly in response to the call from the leaders of the Democratic party in the United States, who point out that he can be of vast service to his party and his country by remaining in Congress at this time, decides to remain in the House of Representatives as spokesman for the Tenth District of Virginia.

MILLION JOBLESS IN BRITISH ISLES

London, Dec. 17.—Unemployment in Great Britain, which has been steadily growing, has created a serious problem which, during the last few days has become more urgent owing to the advent of severe weather. Nearly every trade is affected. Unemployment is common among clerks and middle class occupations as well as among manual laborers. Official statistics show about 500,000 are without occupation.

It is admitted this is far below the real figure. Labor leaders declare the actual number of men out of employment is fully one thousand. Upon a majority of these there are dependents, and the total number of persons suffering from the present conditions is placed at from three million to four million, a large proportion being former soldiers.

HARDING TALKS OVER HIS CABINET

President-Elect and His Second in Command Keep Names Secret

IN LEAD FOR PREMIER

Hughes and Root—North Carolina Invited Senator to Spend Winter in Hendersonville.

Marion, Ohio, Dec. 17.—President-elect Warren G. Harding held his first conference dealing primarily with Cabinet-making yesterday, when he talked for more than two hours with Vice-President-elect Calvin Coolidge regarding the fitness of the men whose names he has under advisement for the 10 executive positions he will soon be called upon to fill.

Neither the Senator nor Governor Coolidge confided so much as an intimation to the public, however, as to the names that were discussed. Each talked freely about the participation of the Vice-President in Cabinet deliberations after March 4 about broader policies, about the weather in Marion and about the possible removal of the unofficial White House to a warmer clime in a few weeks, but there was silence regarding possible Cabinet appointees.

Secrecy again was taken by Senator Harding to assure Governor Coolidge and the country at large of the awareness of the President-elect to have the next Vice-President sit at Cabinet meetings; to have the benefit of the counsel of the second in command; and to have the Vice-Presidency made a post of importance and responsibility as well as one of ornamental qualities. Mr. Harding made it plain yesterday that he was in dead earnest about the matter. To convince Governor Coolidge of his sincerity and good faith Senator Harding talked more freely with him than he did on the question of Cabinet appointments than with any other leader in the party, with the possible exception of Harry M. Daugherty.

The Governor and Mrs. Coolidge are expected to arrive in time for breakfast, but their train was late and they did not put in an appearance until shortly before noon. The two men went into conference almost immediately in the Senator's library and continued their talk until time to receive a delegation of North Carolinians at the Marion Club.

Although both men were uncommunicative regarding the Cabinet, certain interesting facts and circumstances regarding the present state of the Senator's mind upon that subject are well known to those around him here. In the first place it is confidently believed that the Secre-

LIFE IMPRISONMENT FOR HOLD UP MEN

"If I had my way about it," says Judge Dubuque, in the Federal Court in Boston, "I would send every one convicted of highway robbery away for life."

His way undoubtedly meets with the approval of the mass of law-abiding citizens in this country. A condition of barbarism confronts the residents of many of the large cities, and the most drastic measures are necessary if we are to halt the thugs and hold-up men who are cowards at heart, but who are making it unsafe for men, women and children to walk the streets.

Unusual conditions call for unusual remedies. If these brutes with yellow streaks were given a dose of their own medicine it would not take long to stop the epidemic of highway robberies. Heroic methods in Philadelphia are already producing good results. The police have been keyed up to a high degree of efficiency, and with an additional criminal court and the co-operation of the District Attorney may yet succeed in stamping out or minimizing crimes of violence. The penal statutes limit the extent of the punishment meted out by the judiciary, but if existing laws are not sufficient we should be given others as speedily as possible. Thugs should not be permitted to be at large any more than wild animals, and the sooner this is realized the better it will be for all.

It cannot be repeated too often that the prime and fundamental purpose of government is the protection of life and property. To fail in this is to make the unthinkable admission that civilization is a failure.

IF YOU HAD YOUR BLOOD TESTED TODAY

Your Physician Would Count the Red Corpuscles

RED BLOOD MEANS HEALTH

Pepto-Mangan Recommended by Physicians as Red Blood Maker

How would your blood stand a test today? If you feel run down, look pale, lack enthusiasm, your blood would show too few red corpuscles. Your blood would be weak. If you will take Pepto-Mangan every day for a few weeks the red corpuscles in your blood will increase in number and then you will look better. Your complexion will be better. Your natural good color will come back. You will feel so much better and stronger. Disease germs will be fought off.

It pays to keep your blood in good shape. Pepto-Mangan—that wonderful blood tonic—will help you do it.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. You can buy it in either liquid or tablet form. The medicinal properties are the same. Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name—"Gude's Pepto-Mangan"—is on the package.

HARDING TALKS OVER HIS CABINET

(Continued from page one)

taryship of State has narrowed down to Judge Charles E. Hughes and former Senator Elihu Root. Senator Knox, David Jane Hill and the others who have been suggested for this post apparently have been dismissed from further consideration.

Judge Hughes is believed to be leading, but powerful pressure is being brought to bear upon the Senator in behalf of the appointment of Mr. Root. Senate leaders, it is said, are almost a unit in support of the former Secretary of State and Mr. Harding is being told that he owes it to the country to select the man with experience for the head of a department that must begin to function on the day after the inauguration.

There also have been suggestions from intimate Harding quarters that former Senator Weeks, of Massachusetts will be offered the Treasury post and not the Secretaryship of the Navy. Governor Lowden, of Illinois, had been most frequently mentioned for the treasury, but the Bay State statesman himself wants to go to the Treasury and almost every political friend of Mr. Harding is urging that Mr. Weeks be selected for the Treasury and Governor Lowden be offered the Secretaryship either of the Navy or of War.

One other Cabinet question has developed, which is giving Senator Harding some difficulty. He is anxious to appoint former Senator George Sutherland, of Utah, Attorney-General, and Mr. Sutherland is more than willing to take that post. But Harry M. Daugherty, Senator Harding's political manager and adviser for nearly 20 years, is said to aspire to the Attorney-Generalship and to no other Cabinet berth.

Although there is some embarrassment for Senator Harding in that direction, his advisers here believe that in the end he will name Mr. Sutherland Attorney General and that Mr. Daugherty will be satisfied to take some other Cabinet position.

North Carolina made a bid yesterday, for the midwinter residence of President-elect Harding, when a delegation of more than a score of citizens of Hendersonville came to Marion and invited the Senator and Mrs. Harding to consider their city before deciding where they will live after they leave here and before March 4.

This delegation was headed by Mayor J. Mack Rhodes. A committee of the visitors waited upon the Senator and spread before him the advantages of Hendersonville.

Following this conference Senator Harding announced that he had taken the invitation under advisement and would respond to it definitely at a later date.

KILLED BY POLICEMAN

Cork, Dec. 17.—Canon Magner, parish priest of Dunmanway, County Cork, was killed yesterday by a policeman, according to meager details of the tragedy reaching here.

While taking a walk Canon Magner came upon a bicyclist and a police officer engaged in an altercation. The policeman, it is alleged, was threatening the bicyclist, in whose behalf the canon intervened, whereupon, it is asserted, the policeman shot him dead, the incident being witnessed by local resident Magistrate Brady.

The policeman was arrested and it is understood will be court martialed. The affair has caused an immense sensation here and throughout the district.

Canon Magner, who was 70 years old and well known, served in several parishes of the Cork Diocese. He was a Moderate Nationalist of the Redmond school, but in recent years had avoided politics.

1,600 LOSE JOBS AS MILLS CLOSE

Martinsburg, W. Va., Dec. 17.—1,600 textile workers were thrown out of employment here yesterday when the Interwoven Mills, one of the largest hosiery concerns in the country, closed until January 3. Before reopening the workers, the management announced, must undergo a decrease in wages.

THIRTEENTH SCHOOL TO ARSON RING'S CRIMES

Latrobe, Pa., Dec. 17.—The arson ring, which resumed operations yesterday, after a 10 day lay off, by burning the plant of the Fairchance Lumber Company at Fairchance, destroyed the Blairsville public school last night, entailing a loss of $10,000. This latest act of vandalism makes the thirteenth school burned. All told 33 buildings and 5 mines have been fired in the last 60 days, including the mines, the loss aggregate over four million dollars.

With the exception of 10 days, during which time the army of police detectives and State troopers searching for the incendiaries, made one arrest—a demented mute—the fire bugs have operated uninterruptedly, burning, indiscriminately schools, stores, homes, factories, churches and mines. Among the largest schools destroyed was one near Pricedale and the Star Junction School near Connellsville. The losses on these structures reached forty thousand dollars.

The firebugs so far have confined their operations to the southwestern part of Westmoreland county, Fayette county and the northern part of Washington county.

BETHLEHEM'S ATTITUDE TO UNIONS REVEALED

Eugene G. Grace, president of the Bethlehem Steel Corporation, testifying in New York yesterday before the "building trust" investigation committee, declared that his concern would not sell steel to "closed shop" builders.

He declared that by this means was the Bethlehem Steel fight on union labor waged.

It would not affect his attitude a bit if this policy forced building operations to close, he declared.

This fight is only conducted in Philadelphia and New York at present, he said, but its application throughout the country will only be governed by the effect it might have on labor in general.

Mr. Grace repeatedly irritated the committee's attorney by alleged "fencing" in the giving of his testimony.

HOLD GIRL FOR MURDER OF HER TWIN DAUGHTERS

North Vancouver, B. C., Dec. 17.—Charged with the murder last year of her twin girls when they were six weeks old, Amy Adolf, daughter of Tommy Adolf, hereditary chief of the Lillooet Indian tribe, was arrested yesterday while a search was being made for the bodies.

In a confession said to have been made to the police, the mother, who is little more than a girl herself, declared she killed the infants in a fit of despair when she discovered the infidelity of their father, a white man.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Rev. Robert Alexander Tufft, of Anacostia, D. D., will occupy the pulpit at St. Paul's Church on Sunday.

Miss Norma Brent, a resident of Washington, died yesterday afternoon at the Alexandria Hospital where she had been under treatment for several days.

The annual Christmas entertainment of St. Mary's Academy will take place at 8 o'clock next Tuesday evening. A special program in which the students will take part has been prepared. A cordial invitation is extended to all persons to attend.

There will be a sale of aprons, cake and candy at Christ Church Parish Hall on Monday, the 20th of December, beginning at eleven o'clock, for the benefit of Emmanuel Chapel, Braddock. It is hoped a number of friends of this chapel will help in the good cause by attending the sale and obtain things for the Christmas season.

The Virginia Athletic Club and the Marine Preps, of Washington will meet in a game of basketball at the armory hall tonight at 8.15 o'clock.

The members of the Alexandria Hospital Auxiliary will hold a sale of home-made cakes, pies and candy, beginning at 9 a. m., tomorrow, at the Rexall Drug Store, 616 King street. A number of fancy articles, not disposed of at the recent baby show, will also be on sale.

The annual turkey dinner served by the Rector's Aid Society of St. Paul's Church, in the parish hall yesterday, was a great success. The reputation of past years for an excellent dinner and competent service was sustained, and the hall was crowded between the hours of 6 and 7 o'clock

STATUES IN BLOOMERS AS RESULT OF PROTEST

St. Petersburg, Fla., Dec. 17.—Visitors at the Florida Winter Art School Exhibition yesterday found the nude statues garbed in middy blouses and bloomers.

Recently the Christian Civic League censured the nude art at the school, and yesterday several busts suspended from the ceiling by strings tied around the necks, were labeled, "Lynched by the Christian Civic League."

New Orleans, Dec. 17.—The Jahncke drydocks were destroyed by fire yesterday afternoon, entailing a loss estimated at $2,000,000.

The cause of the fire was not determined until it had practically consumed the wharf and had spread to a number of ships anchored nearby. No lives were lost and no one was seriously injured.

ROBBERS KILL JEWELER; GET $100,000 IN GEMS

New York, Dec. 17.—Three masked robbers entered the rooms of a jewelry concern on the eighth floor of an office building in the heart of the Fifth Avenue shopping district yesterday afternoon, shot and killed Edwin A. Andrews, a member of the firm; bound and gagged three other men, and escaped with jewels valued at $100,000.

Stepping from the crowds of Christmas shoppers passing the building, which is between Forty-fourth and Forty-fifth streets, in the center of a group of department stores, banks and exclusive shops, the men took the elevator to the floor upon which Andrews' firm has offices. Mr. Andrews was alone.

Just what occurred police investigating the case have been unable to determine. They believe that Andrews attempted to close the door of the safe and that one of the men shot him. No shot was heard in nearby offices and Andrews was dead when found.

Luke Mulligan, a messenger, was the first to disturb the robbers. As he entered he was grabbed, bound, gaged and thrown on the floor beside Andrews. Two salesmen, Arthur Mertz, of Newark, and Vincent Provenzano, entered soon after and met with the same treatment.

The two salesmen entered separately. They carried sample cases of jewelry. The robbers "covered" them with a gun—believed to have been a long-barreled revolver or sawed-off rifle, fitted with a silencer—and took their cases. While two of the bandits bound the salesmen, a third rifled the safe.

Provenzano and Mertz later crawled into the hallway, where they were found.

A woman stenographer from a nearby office discovered the two sales men and her cries brought others, none of whom had heard any shot. Police, however, found an empty cartridge in the room.

Police believe the three men, who were described as having the appearance of foreigners, walked down the stairs to the street and there escaped by mingling with the crowds of shoppers.

A heavy guard was thrown about the building immediately after the robbery.

MONDELL CALLS FOR $1,400,000,000 CUT

Washington, Dec. 17.—Declaring that "unfathomable inconsistency" was manifest in the total estimate of $4,653,800,000 submitted by Secretary Houston and the economy pleas of the President and the head of the Treasury, Representative Mondell, Republican leader, said yesterday in the House that it had become the duty of Congress to prevent such squandering of the people's money.

The total estimate should be reduced, he declared, by approximately $1,400,000,000 chiefly by a drastic scaling down of the estimates for the army and navy.
